

ArmShuttle™

ArmShuttle™ Elite WING BOARD

The lightweight ArmShuttle™ Elite has an ergonomic design for patient comfort and support. Multiple head rest positions allow for additional head and arm positioning flexibility. The ArmShuttle Elite easily attaches to the Access™ Supine Breast Device. It can also be used with DoseMax™ SBRT system and a number of other devices using a 2-pin locating bar.

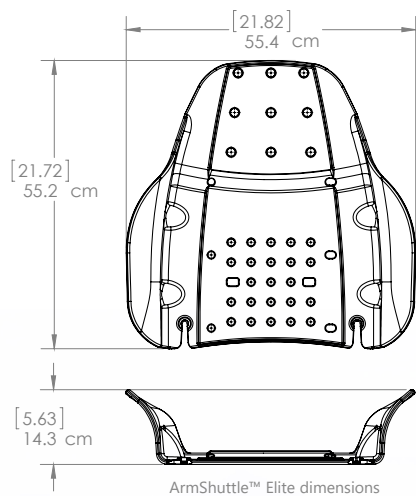

MR and CT compatible for enhanced reproducibility from imaging through treatment.

ArmShuttle™ WING BOARD

The ArmShuttle™ is designed to be used in conjunction with the QUEST Breastboard.

OIS is the distributor for Qfix in the UK & Ireland.
ArmShuttle is a trademark of Qfix Systems.
